

The brand « MB Watches » launches the THUNDERBIRD model, a timepiece in limited edition to 8 copies.

A fresh breath on watchmaking craftsmanship, MB Watches statement of distinction. With know-how and methods far from the industry, MB Watches reminds us that the watchmaking craftsmen continues to create fine watches.

The workshop of creation of bespoke watches want to answer to those who don't have the patience to wait, between 3 months to a year, to manufacture their unique watch.

The Thunderbird is equipped with an automatic mechanical chronograph movement carefully decorated, a case made of "Pure Black ©" steel ,of crystal sapphire, a black alligator strap with folding clasp.

Conscious of every detail, every parts has been designed, manufactured and assembled in the valleys of the French-Swiss watchmaking.

A timeless, understated and elegant aesthetic, the DNA of the brand ; an effective and original engineering design, a high-end finish, this watch is appreciated by all those who are fond of the rarity and quality.

Very close attention has been given to these eight numbered models as for all timepieces produced by MB Watches. Indeed, ranked among the artisans of luxury, the workshop produce only a few watches per year, each of this work require hundreds of hours of work.
